

AOX MAINTENANCE

Congratulations! You are officially in the **maintenance phase** of your treatment. This means that you have been cleared to either return back to your general dentist, or to enroll in the maintenance program here in our office.

1. A quick re-visit to your warranty – RENU Prosthodontics will **prorate** any component, restoration, or prosthesis repair/replacement at current rates and on a **5-year basis for porcelain, 3-year basis for acrylic**.

$$\text{Repair fee} \times \frac{(\text{time lapsed with prosthesis})}{\text{time covered by warranty}} = \text{Amount due by patient}$$

Please note, we **cannot** warranty replacement of prosthesis due to loss of implant/implant failure due to smoking, medical complications, poor-healing or lack of follow-up care. To keep this warranty valid, you are required to maintain the following:

- 1) Keep all professional cleaning appointments at the recommended intervals (no more than 6 months). If you have been referred back to your general dentist, you will alternate so that we see you minimally once per year.
 - 2) Wear the occlusal splint (night guard) you were provided for the recommended duration (i.e. nighttime/daytime).
2. All maintenance fees are your responsibility. Maintenance items include prophylaxis, implant maintenance (removing the prosthesis for cleanings), examinations, x-rays, and replacement of lost/damaged splints.

To give an idea of cost, as of the date on the bottom of this form, fees for the maintenance items are listed below. Please note, that these fees are subject to change.

- | | |
|--|---|
| • Prophylaxis: \$145 | • Full-arch replacement: \$12,000-\$17,000 |
| • Examination: \$77 | • Attachment (nylon) replacement: \$42 each |
| • Implant Maintenance includes x-rays: \$400 | • Screw replacement per screw: \$45 |
| • Pre-fabricated abutment: \$1260 | • Occlusal splint replacement: \$895 |
| • Acrylic single tooth replacement: \$483 | |

It is our goal to be your partner to help you keep and maintain excellent oral health!
-Team RENU Prosthodontics
